

# NXT

## QUICK START PRESENTATION MODE

The NXT is an audience response device used when a presenter wants to gather immediate feedback from the audience.

## THE TOOLBOX

- Find Channels** - Automatically detects the receivers within range of the NXT. Scroll through the rolodex using the left or right arrow keys to find your channel. Press the Enter button to set the channel.
- Send Message** - Send a message to the leader/presenter. The leader is unable to respond back via the same method. **NOTE:** The leader/presenter may have this feature disabled in the software. If this is the case, you will see a "Not Open" message when trying to send a note.
- Device Info** - Device Info displays the Device ID.
- Contrast** - Use the left or right arrows to adjust the contrast of the objects. Press the Enter button to save.
- Your I.D.** - Assigns an alphanumeric identification to the device.

## CHANGING THE CHANNEL

Use the steps below to manually set the channel or refer to *The Toolbox: Final Channels*.

1. Press the **Channel** button.
2. Use the **number pad** to enter the new channel number.
3. Once the channel number has been entered, press the **Enter** button.

## RESPONDING

During the presentation, the NXT prompts you to enter the proper response type. An indicator appears in the top left side of the screen for special question types.

- 123...** Numeric Response question
- 3,1,2...** Multiple Response question with numeric answer values
- C,A,B...** Multiple Response question with alpha answer values
- txt** Short Answer question
- txt** Essay question

When sending a response or when a response is successfully received, an icon appears at the bottom center of the screen. The following are graphic representations of these icons:

- The response is being sent.
- ✓ The response was sent successfully.

Below are some examples of how the available question types and various screens appear on the NXT.

## EXAMPLE SCREENS

- Single Response** - Single Response questions are multiple choice questions, where only one answer is selected. Once the selection has been made, the response is sent to the presenter.
- Short Answer** - Short Answer questions require a text response. Once the text has been entered, press OK to transmit your answer.
- Numeric Response** - Numeric Response questions require more than one number to be entered. Once the answer has been entered, press OK to transmit your answer choice.

**Essay** - Essay questions require a string of text. Once the answer has been entered, press OK to transmit your answer choice.

**Multiple Response** - Multiple Response questions have more than one possible answer. Enter your answer choices and then press OK to transmit your answer choices. Your response may be alpha or numeric.

**Invalid Response** - If you see this screen after sending a response, it means that the response was invalid. For example, answer options are A - D, and you submitted E as your answer choice.

**Incorrect Channel** - This screen is to alert you that the NXT is not on the correct channel or that the device is unable to communicate with the receiver.

**Polling Closed** - This screen indicates that polling is closed and answers are not being accepted.
